

## Become part of our team

We have established our industry experience over the last 100 years with solution competence, coupled with customer orientation and reliability which form some of the foundations of our success. As one of the world's leading suppliers of large uninterruptible power supplies (UPS) we are looking to expand our Sales Team in the UK to enhance our already strong position in the market. If you are results driven, proactive, looking to develop your career and have a passion for electrical engineering you should contact us.

## TERRITORY SALES MANAGER

**Have we convinced you? Then send us your application on [ukmail@piller.com](mailto:ukmail@piller.com)**

As a subsidiary of the international technology group Langley Holdings plc, Piller offers customer-specific system solutions: high-quality energy conditioning, uninterruptible power supply and frequency conversion. Here we have established ourselves as a market leader, especially among customers who are dependent on electricity – such as data processing centres, factories, banks, airports and hospitals. Piller employs nearly 1000 people in 17 countries.
